1. As a result of meetings held in the past two months, the extremist anti-Chinese military elements have markedly increased their activities.

2. Lieutenant Colonel Narong Vorabutr has been instructed to accelerate his "poison pen" campaign. Lieutenant Colonel Sawaeng Tapasut, Member of Parliament from Chiangmai, has been ordered to expand his "Black Elephant" Society, a secret society designed to combat Chinese secret societies.

(note: Source is unable at present to estimate the exact size and character of this organization.)

25X1A

2. The report of the rumored invasion of Siam by the Chinese Underground was given to the press by a group of Army officers. Chinese Communists helped to build up the story and to give it "circumstantial credence".

(note: Although the initial point of origin of the report has not been conclusively determined, it was quite possibly a case of deliberately predicting on the basis of an evaluation of potential.)

25X1X

(note: The "rumored invasion of Siam" undoubtedly has reference to press reports in late March, according to which a secret Chinese society of some 70,000 members was plotting to overrun Siam.
